Community Underwriting Small Grants Program 2026 open for submissions

Community Underwriting

Each year the underwriting agency sets aside 5% of its surplus to the small grants program to provide grants from $1,000 and up to $5,000 to eligible clients, funding projects for a wide range of Not for Profit groups.

Partner insurers Berkley Insurance Australia and Mitsui Sumitomo generously contribute additional funds to the program which enables CUW to provide a greater number of grants.

Marking its 13th year running, the small grants program continues to grow each year as Community Underwriting has grown. In 2025, the agency awarded 75 small grants, bringing its total contributions to the sector to more than $12 million in donations and grants since its establishment in 2014.

Brokers are encouraged to have their eligible clients complete a submission and email to service@communityunderwriting.com.au before the program closes on the 27th of November 2026.

Application documents and guidelines

All of the application documents and guidelines are on the NFP section of the Community Underwriting website:

https://www.communityunderwriting.com.au/nfp-resources/

Email submissions to service@communityunderwriting.com.au

Submissions close Friday 27 November 2026.
